## **Section A- Safeguarding Policy**

Pass Move Grin Education has adopted this safeguarding children policy and expects every adult working or helping at the company to support and comply with it. Consequently this policy shall apply to all staff, managers, trustees, directors, volunteers, students or anyone working on behalf of the company. This policy is intended to protect children who receive any service from us, including those who are the children of adults who may receive services from us. Under this policy, the term children shall mean any person who is under eighteen years of age. Pass Move Grin Education believes that no child or young person should experience abuse or harm and is committed to the protection of children and young people. This policy is intended to provide guidance and overarching principles to those who represent us as volunteers or staff, to guide our approach to child protection and safeguarding.

**The provision aims to ensure that:**

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

This policy reflects current legislation, accepted best practice and complies with government guidance: Working Together to Safeguard Children August 2018 and Keeping Children Safe in Education September 2022.

This policy was written and adopted in March 2023. *It has been approved by the head of Pass Move Grin Education and the Safeguarding Lead. This policy is due for review in twelve months: March 2024*

Other policies that may need to be considered are:

- *Anti-bullying and discrimination*
- *PSHE*

- *Drugs and alcohol*
- *behaviour management and positive intervention*
- *attendance (including children missing from education)*
- *health and safety*
- *safer recruitment*
- *physical intervention*
- *E-safety*
- *Management of Allegations*
- *Intimate Care*
- *use of Mobile Phones and Cameras*
- *Whistleblowing policy*
- *Staff Conduct policy (Code of Conduct)*
- *Visitors' policy*
- *Children in Care / Previous Children in Care (was known as Looked After Children / Previously Looked After Children)*
- *Equality*
- *Data Protection Policy*

Schools (including independent schools, non-maintained special schools, academies and free schools) and Further Education (FE) institutions should give effect to their duty to safeguard and promote the welfare of their pupils under section 175/157 the Education Act 2002 and where appropriate under the Children Act 1989 by:

- creating and maintaining a safe learning environment for children and young people; and,
- identifying where there are child welfare concerns and taking action to address them, in partnership with other organisations where appropriate.

Governing bodies and proprietors should consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through personal, social health and economic education (PSHE), and/or - for maintained schools and colleges - through sex and relationship education (RSE).

## **Section B - Statutory duties that apply to schools**

### **Working Together to Safeguard Children 2020 & Keeping Children Safe in Education 2022**

Schools should have in place arrangements that reflect the importance of safeguarding and promoting the welfare of children, including:

- ensuring that the school or college contributes to inter-agency working in line with statutory guidance *Working Together to Safeguard Children 2018*. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to, for example, children subject to child protection plans and children looked after and previously looked after,
- a clear line of accountability for the commissioning and/or provision of services designed to safeguard and promote the welfare of children
- a senior member of staff to take leadership responsibility for the school's safeguarding arrangements
- a culture of listening to children and taking account of their wishes and feelings and ensuring there are systems in place for children to express their views and give feedback
- ensuring there are procedures in place to respond robustly to allegations, including those relating to children harming, or allegedly harming other children (including sexual violence and sexual harassment) and allegations against staff and volunteers
- arrangements which set out clearly the processes for sharing information, with other professionals and with the local Safeguarding Partners
- a designated professional lead for safeguarding. Their role is to support other members of staff, to recognise the needs of children, including recognising and responding to possible abuse or neglect. Designated leads should be a member of the school's senior leadership team and their roles should always be explicitly defined in any job description. They should be given sufficient time, funding, supervision and support to fulfill their child welfare and safeguarding responsibilities effectively
- safer recruitment practices for individuals whom the organisation will permit to work regularly with children (p.50 - 68 Keeping Children Safe in Education 2022) including policies on when to obtain a relevant Disclosure and Barring Scheme (DBS) check
- schools and colleges must keep a single central record of DBS checks and training undertaken (p.69 Keeping Children Safe in Education 2022). The record must cover the following people:

- all staff (including supply staff) who work in the school; in colleges, this means those providing education to children
- all others who work in regular contact with children in the school or college, including volunteers
- for independent schools, including academies and free schools, all members of the proprietary body
- it is the school's responsibility to ensure that all the staff they employ in specified early or later years childcare have had the appropriate checks. This includes ensuring that staff working in early and later years settings are suitable to do so. The DfE issued updated guidance for schools in August 2018, entitled Disqualification Under the Childcare Act 2006 of teachers and other school staff working in early or later years provision, or those who are directly concerned with the management of such provision
- relevant staff are those working in childcare, or in a management role because they are: working with reception age children at any time; or working with children older than reception until age eight, outside school hours.
- Keeping Children Safe in Education (DfE, 2022) paragraph 265 also refers to disqualification: "For staff who work in childcare provision, or who are directly concerned with the management of such provision, employers need to ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the Childcare (Disqualification) Regulations 2018"
- employers are responsible for ensuring that their staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children and creating an environment where staff feel able to raise concerns and feel supported in their safeguarding role.
- staff should be given a mandatory safeguarding training at the point of induction, which includes familiarization with safeguarding responsibilities and procedures to be followed if anyone has any concerns about a child's safety or welfare as well as how to manage a disclosure. Staff in schools and colleges should ensure that all staff read and understand at least part one of Keeping Children Safe in Education 2022.
- there should then be an ongoing programme of refresher training and updates to staff/volunteers about key safeguarding issues at least annual (Keeping Children Safe in Education 2022), with suggested three yearly 'Introduction to Safeguarding and Child Protection' training for all staff (Nottingham City Safeguarding Children's Partnership recommendation)
- ensure there is an effective child safeguarding policy in place together with a school behaviour policy, schools' response to children who go missing from education, staff behaviour policy (code of conduct) and a whistleblowing policy. These should be provided to all staff - including temporary staff and volunteers at point of induction.
- all professionals should have regular reviews of their own practice to ensure they improve over time.
- the designated lead for safeguarding should maintain comprehensive records, which should be used to inform a review of the support and level of concern about a child's circumstances whenever new information arises

- all schools and colleges must be compliant with the requirements of the LSCP in Nottingham and this includes engagement in the Serious Case Review process
- Nottingham City Safeguarding Partners require all schools to complete an annual safeguarding audit (Section 175/157 see footer\*) and be engaged in multiagency processes and Serious Case Reviews (See Working Together to Safeguard Children 2018 (Chapter 2 p59 & chapter 3 p77), to be read in conjunction with DfE Keeping Children Safe in Education 2022);
- clear policies in line with those from the Safeguarding Partners for dealing with allegations against people who work with children, in either a paid or voluntary capacity. An allegation may relate to a person who works with children who has:
  - behaved in a way that has harmed a child, or may have harmed a child and/or
  - possibly committed a criminal offence against or related to a child and/or
  - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
  - and/or
  - behaved or may have behaved in a way that indicates they may not be suitable to work with children

In addition:

The Local Authority Designated Officer may also be involved in the management and oversight of individual cases where there are allegations made against people who work with children. The Designated Officer will provide advice and guidance to schools, liaising with the police and other agencies, and monitoring the progress of cases to ensure that they are dealt with as quickly as possible, and are consistent with a thorough and fair process:

- any allegation should be reported immediately to the Headteacher or the Principal of the school. Where the allegation relates to the Headteacher or Principal it should be reported to the Chair of Governors or equivalent. The Local Authority Designated Officer should be informed within one working day of all allegations that come to an employer's attention or that are made directly to the police; and
- if an organisation removes an individual (paid worker or unpaid volunteer) from regulated activity (working with children) or would have removed, had the person not left first, because of a safeguarding concern that the person may have posed a risk of harm to children, the organisation must make a referral to the Disclosure and Barring Service. It is an offence to fail to make a referral without good reason.

- Section 2, page 98 of Keeping Children Safe in Education 'concerns and or allegations that do not meet the harm threshold' advises a close focus on record keeping of such concerns and early intervention is expected to be included in safeguarding training for all staff.

In addition to these duties, which apply to schools, further safeguarding duties are also placed on them through other statutes. The key duties that fall on schools are set out below.

*\*Section 175 of the Education Act 2002 places a duty on local authorities (in relation to their education functions and governing bodies of maintained schools and further education institutions, which include sixth-form colleges) to exercise their functions with a view to safeguarding and promoting the welfare of children who are pupils at a school, or who are students under 18 years of age attending further education institutions. The same duty applies to independent schools (which include Academies and free schools) by virtue of regulations made under section 157 of the same Act.*

*To fulfill their duty under sections 157 and 175 of the Education Act 2002, all educational settings to whom the duty applies should have in place the arrangements as set out above. In addition, schools should have regard to specific guidance given by the Secretary of State under sections 157 and 175 of the Education Act 2002.*

### **Section C – Aims and Responsibilities**

Pass Move Grin Education fully recognise the contribution schools make to safeguarding children. We recognise that the safety and protection of all pupils is of paramount importance and that all staff, including volunteers, have a full and active part to play in providing early help protecting pupils from harm. We believe that the school should provide a caring, positive, safe and stimulating environment which promotes all pupils' social, physical, emotional and moral development. In delivering this ambition we will adhere to the principles set out in Nottingham's Family Support Strategy and Nottingham City Safeguarding Partners Policy, Procedures and Practice Guidance.

Effective safeguarding of children can only be achieved by putting children at the centre of the system, and by every individual and agency playing their full part, working together to meet the needs of our most vulnerable children, in line with Working Together 2018 and Keeping Children Safe in Education 2022.

**The aims of this policy are to:**

- confirm that the pupils' development is supported in ways that will foster security, confidence and independence
- raise the awareness of teachers, non-teaching staff and volunteers of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse
- confirm the structured procedures to be followed by all members of the school community in cases of suspected harm or abuse
- emphasise the need for good levels of communication between all members of staff and those with designated responsibility for child safeguarding, health and safety and other safeguarding responsibilities
- emphasise the importance of maintaining and implementing appropriate safeguarding policies, procedures and arrangements of those service providers who use the school's premises through extended schools or provide any other before and after school activities
- highlight the connection between the safeguarding Policy and the school's policy for safe recruitment of staff and volunteers, and for managing allegations
- confirm the working relationship with Children and Families Direct, Nottingham City Safeguarding Partners and other agencies and, where appropriate with similar services in neighboring authorities.

**Responsibilities**

- i. The governing body: has a trained link governor for Safeguarding, **Wesleigh Burke**, who will attend training/updates at least every three years and will also receive the regular safeguarding updates referred to above
  - will ensure a member of the governing body is nominated to liaise with the local authority and/or partner agencies on issues of child protection in relation to safeguarding and in the event of allegations of abuse made against the Headteacher, the Principal of a college or proprietor or member of governing body of an independent school.

- will ensure that the school has a child safeguarding policy, single central record, staff conduct policy and procedures in place, operates safe recruitment procedures, makes appropriate checks on staff and volunteers and has procedures for dealing with allegations against staff and volunteers that all comply in accordance with Nottingham City Safeguarding Partners.
- will ensure that schools and colleges create a culture of safe recruitment and, as part of that, adopt recruitment procedures that help deter, reject or identify people who might pose a risk to children (Part three: Safer Recruitment, Keeping Children Safe in Education 2022).
- has appointed a member of staff to the role of designated safeguarding lead. This individual is **Jade Morris**.
- will ensure the school/college keeps an up-to-date single central record of pre-employment checks, specifying when the check was made and when it will be renewed.
- monitors the adequacy of resources committed to child safeguarding, and the staff and governor training profile
- recognises that neither it, nor individual governors, have a role in dealing with individual cases or a right to know details of cases (except when exercising their disciplinary functions in respect of allegations against staff)
- ensure that the child safeguarding policy is available to parents and children on request
- will ensure this policy and practice complements other policies e.g., anti-bullying including cyber bullying, health and safety, to ensure an integrated model of safeguarding operates across the school.
- will ensure that they develop a safeguarding culture and facilitate a whole school approach to safeguarding.
- will ensure that all safeguarding processes and policies operate with the best interests of the child.
- ensuring that the child's wishes, and feelings are taken in to account when action is determined by school leaders.

Governors in maintained schools are required to have an enhanced criminal records certificate from the DBS. Teacher Services' web page, schools can easily check if a person they propose to recruit as a governor is barred as a result of being subject to a section 128 direction. 78 (Page 77, paragraph 312 Keeping Children Safe in education 2022)

It is the responsibility of the governing body to apply for the certificate for any of their governors who do not already have one. Governance is not a regulated activity and so governors do not need a barred list check unless, in addition to their governance duties, they also engage in regulated activity. Schools should also carry out a section 128 check for school governors, because a person subject to one is disqualified from being a governor.

**The Headteacher** will ensure that:

- the policies and procedures adopted by the Governing Body are followed by all staff

- the policy will be updated annually and be available publicly either via the school or college website or by other means.
  - designated staff review policy when the Nottingham City Safeguarding Partners update their policies and procedures
  - sufficient resources and time are allocated to enable the designated persons and other staff to discharge their responsibilities including taking part in strategy discussions and other multiagency meetings, to contribute to the assessment and support of children and young people and be appropriately trained.
  - a single central database of all staff and volunteers, and their safeguarding training dates is maintained and that this list confirms that all staff and those volunteers who meet the specified criteria have had a DBS check, when this check was made and when it will be renewed.
  - all staff and volunteers feel able to raise their concerns about poor and unsafe practice in regard of pupils, and such concerns are addressed in a timely manner in accordance with agreed policies.
  - all allegations, including those individuals who are not employed by the school, will be dealt with appropriately, inform the relevant parties and support where required. (*See paragraphs 352-444, Keeping Children Safe in Education 2022*)
  - school staff are sensitive to signs that may indicate possible safeguarding concerns. This could include, for example, poor or irregular attendance, persistent lateness, children missing from education, particularly where there are concerns regarding the potential for forced marriage or female genital mutilation.
- 
- he/she undergoes child safeguarding training, which is updated regularly, in line with advice from the Nottingham City Safeguarding Partners.

### **All DSLs and Deputy DSLs need to ensure multiagency working:**

The department published Working Together Transitional Statutory Guidance to support Local Safeguarding Children Partnerships (LSCPs), the new safeguarding and child death review partners, and the new Child Safeguarding Practice Review Panel in the transition from LSCBs and serious case reviews (SCRs) to a new system of multiagency arrangements and local and national child safeguarding practice reviews.

Governing bodies, proprietors, management committees and their senior leadership teams, especially their designated safeguarding leads, should be aware of their local arrangements. A list of relevant agencies is available at: [legislation.gov.uk](https://legislation.gov.uk). Schools and colleges are included.

Schools and colleges have a pivotal role to play in multiagency safeguarding arrangements. Governing bodies and proprietors should ensure that the school or college contributes to multiagency working in line with statutory guidance *Working Together to Safeguard Children*. It is especially important that schools and colleges understand their role in the new safeguarding partner arrangements.

New safeguarding partners and child death review partner arrangements were established in September 2019. Locally, the three safeguarding partners (the local authority; a clinical commissioning group for an area within the local authority; and the chief officer of police for a police area in the local authority area) will plan together with appropriate relevant agencies to safeguard and promote the welfare of local children, including identifying and responding to their needs.

The three safeguarding partners have a shared and equal duty to work together to safeguard and promote the welfare of children. To fulfil this role, they must set out how they will work together and with any relevant agencies. Relevant agencies are those organisations and agencies whose involvement that the three safeguarding partners consider may be required to safeguard and promote the welfare of children regarding local need. The three safeguarding partners must set out in their published arrangements which organisations and agencies they will be working with, and the expectations placed on any agencies and organisations by the new arrangements.

The three safeguarding partners should enable all schools (including multi-academy trusts) and colleges in the local area to be fully engaged, involved, and included in the new safeguarding arrangements. It is expected that, locally, the three safeguarding partners will name schools and colleges as relevant agencies and will reach their own conclusions on how best to achieve the active engagement of individual institutions in a meaningful way.

If named as a relevant agency, schools and colleges, in the same way as other relevant agencies, are under a statutory duty to co-operate with the published arrangements.

Governing bodies and proprietors should understand the local criteria for action and the local protocol for assessment and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the three safeguarding partners.

Schools and colleges should work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. All schools and colleges should allow access for children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

NPCC guidance: 'When to call the police' is designed to help designated safeguarding leads understand when they should consider calling the police and what to expect when they do.

### **Nottingham City Schools Agreed Visiting Professionals Guidance September 2022**

- Any professional wishing to undertake work in school with children must be expected and make a formal appointment
- The named professional must be the person who undertakes the intervention
- Professionals must show their organisation ID on arrival
- School, **on production of the organisation ID** must accept that all organisation safeguarding procedures have been followed by the external organisation and that DBS clearance has been obtained for that individual following the specific organisation safeguarding policy

**Schools should not deny access to professionals if they do not have a copy of their DBS certificate with them or if their clearance period is longer than that expected for school. Schools are not permitted to request copies of any personal information and Nottingham City send a DBS verification letter to all settings once a year informing of the expected process.**

the trained DSL/DDSLs for safeguarding:

**DSL: Jade Morris 07708583771**

**DDSL: Kathryn Oram 07982668926**

**All DSL's will:**

- have their roles explicitly defined in their job descriptions
- be given sufficient time, funding, supervision and support to fulfill their child welfare and safeguarding responsibilities effectively
- undergo updated child safeguarding training every two years as a minimum
- liaise with relevant agencies in accordance with the Nottingham City Safeguarding Partners procedures when referring a pupil where there are concerns about possible abuse or harm
- where there are concerns about a member of staff's suitability to work with children, contact the Local Authority Designated Officer (LADO)
- be able to access the contents of the Nottingham City Safeguarding Partners procedures and Personnel procedures and make these accessible to all staff
- ensure all staff, including supply staff, visiting professionals working with pupils in the school and volunteers are informed of the names and contact details of the designated leads and the school's procedures for safeguarding children
- support staff who attend strategy meetings, looked after reviews and/or case conferences
- support staff and volunteers who may find safeguarding issues upsetting or stressful by enabling them to talk through their anxieties and to seek further support from the school leadership group or others as appropriate
- ensure involvement of other designated leads e.g., where there are concerns about a pupil who is 'looked after or previously looked after'
- support staff to reflect on the information they hold about children and provide an alternative perspective on issues to promote a better understanding of what may or may not be concerning
- meet at least each half term to review procedures and case load
- be aware of the requirement for children (investigated by the police) to have an appropriate adult (PACE)

### Designated leads will ensure that:

- written records of concerns are kept, even if there is no immediate need for referral
- all child protection records are marked as such and kept securely locked, and if these are stored electronically, that they are differently password protected from the pupils' other files, and accessible only by the Head teacher/designated leads
- pupil records are kept separately, and marked as appropriate to indicate other confidential records are being held elsewhere
- all absence letters are dated and clearly signed by a teacher/tutor, and that if there are concerns about attendance and a pupil's wellbeing and safety, the Education Welfare Officer is contacted
- phone calls about absences are similarly logged and dated
- the children missing education- statutory guidance for local authorities 2016 is adhered to
- where a pupil is subject to a Child Protection Plan, and is absent without explanation for two days, the relevant professional in children's social care is contacted
- records are monitored for patterns, when taking in isolation would appear to be low level concerns, but when viewed together indicate a pattern which requires further action
- where there are existing concerns about a pupil, and they transfer to another school in the same or another authority, information held is transferred securely and confidentially e.g., documents noted confidential, separate from the pupil's main file to the designated lead for child safeguarding in the receiving school
- transfer of records (once on roll at another school) is 5 working days
- where a pupil has a **child protection plan** or there are ongoing child protection enquiries and transfers to another school;
  - the designated lead for Safeguarding is informed immediately
  - their child protection file is copied for any new school or college as soon as possible but transferred separately from the main pupil file (recorded delivery)

### ii. The staff

All staff, teaching and non-teaching, volunteers and others working in school need to:

- read and understand Part 1{**SETTINGS DISCRETION with minimum part 1**} of Keeping Children Safe in Education 2022

- be aware that to safeguard children, they have a duty to share information with the designated leads, and through the designated lead, with other agencies
- be aware that despite the requirement to share information with designated leads they can make their own referral to Children's Social Care, e.g., in urgent situations
- be alert to signs and symptoms of harm and abuse. Further information regarding potential indicators of abuse, including specific information about risks such as Female Genital Mutilation and Forced Marriage is available on the Nottingham City Safeguarding Partners webpage
- know how to respond to their duty when they have concerns or when a pupil discloses to them and to act
- know how to record concerns and what additional information may be required
- undergo child safeguarding training which is updated regularly in line with advice from the Nottingham City Safeguarding Partners, (whole staff training every three years) and statutory guidance (KCSIE, 2022)
- recognise that abuse and neglect can happen in any setting and maintain an attitude of 'it could happen here'
- familiarise themselves with "What to do if you're worried that a child is being abused: advice for practitioners' guidance." (2015)
- Where an allegation is made against a staff member who is not employed by the school e.g., supply teacher, the [headteacher] will immediately contact both the agency concerned and the LADO. The school will continue to support any investigation that is required. (See paragraph 352 - 444, Keeping Children Safe in Education 2022)

### **Allegations against the Headteacher**

Where an allegation is made against the Headteacher or equivalent, the Chair of the Governing Body, or equivalent, must be informed as well as the Local Authority Designated Officer (LADO) **0115 8764762**.

### **Section D- Reporting concerns to the Designated Safeguarding Lead**

Any concern should be discussed in the first instance with *one of the designated leads or in their absence the Headteacher*, as soon as possible. **If at any point, there is a risk of immediate serious harm to a child, a referral should be made to Children's Social Care or the police immediately. Anybody can make such a referral.**

**All concerns / decisions / actions / outcomes are recorded as per school procedures (including electronic records)**

### **Immediate response to the pupil**

It is vital that our actions do not harm the pupil further or prejudice further enquiries, for example:

- listen to the pupil, if you are shocked by what is being said, try not to show it
- it is ok to observe bruises but not to ask a pupil to remove their clothing to observe them if a disclosure is made,
  - accept what the pupil says
  - stay calm, the pace should be dictated by the pupil without them being pressed for detail by asking leading questions such as "what did s/he do next?" It is your role to listen - not to investigate
  - use open questions such as 'is there anything else you want to tell me?' or 'yes?', 'and?'
  - be careful not to burden the pupil with guilt by asking questions like 'why didn't you tell me before?'
  - acknowledge how hard it was for the pupil to tell you
  - do not criticise the perpetrator, the pupil might have a relationship with them
  - do not promise confidentiality, reassure the pupil that they have done the right thing, explain whom you will have to tell (the designated lead) and why; and, depending on the pupil's age, what the next stage will be. It is important that you avoid making promises that you cannot keep such as 'I'll stay with you all the time' or 'it will be all right now'

**Recording information** – Pass Move grin Education are members of Citation. Citation gives a secure place called Atlas for staff to log safeguarding concerns and behaviours. As we are a part time provision we have agreed with our children's schools to inform them of any general concerns via google drive where we will share safeguarding concerns on a document that is password protected with this information via email.

### **In the event of a safeguarding concern, Staff should:**

- make some brief notes at the time or immediately afterwards; record the date, time, place and context of disclosure or concern, facts and not assumption or interpretation. Your name and role should be included
- if it is observation of bruising or an injury try to record detail, e.g., 'right arm above elbow'. Do not take photographs
- note the non-verbal behaviour and the key words in the language used by the pupil (try not to translate into 'proper terms')
- It is important to keep these original notes and pass them on to the designated member of staff who may ask you to write a referral. This will be recorded on our system 'Citation'.

- verbal conversations should be promptly recorded using the provisions system, Citation.

## **Section E- Supporting pupils**

- The staff and governors recognise that a child or young person who is abused or witnesses' violence may find it difficult to develop and maintain a sense of self-worth. We recognise that in these circumstances pupils might feel helpless and humiliated, and that they might feel self-blame
- We recognise that this school might provide the only stability in the lives of pupils who have been abused or who are at risk of harm
- We accept that research shows that the behaviour of a pupil in these circumstances might range from that which is perceived to be normal to aggressive or withdrawn.
- Staff have an understanding that pupils with SEND can be more vulnerable to abuse and neglect. SEND pupils will receive support from the Inclusion Lead (SENCo) and relevant outside agencies e.g., Learning support or Education and Health Care Plan
- We are aware that mental health problems can be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Where staff have concerns about a child's mental health immediate action should be taken in line with safeguarding policy. (Paragraph. 45 - 47. Keeping Children Safe in Education 2022)  
Advice and guidance are available: [www.gov.uk/government/publications/mental-health-and-behaviour-in-schools](http://www.gov.uk/government/publications/mental-health-and-behaviour-in-schools) ; [www.nspcc.org.uk/keeping-children-safe/childrens-mental-health/depression-anxiety-mental-health/](http://www.nspcc.org.uk/keeping-children-safe/childrens-mental-health/depression-anxiety-mental-health/)
- The school will support all pupils by discussing child protection cases with due regard to safeguarding the pupil and his or her family; supporting individuals who are, or are thought to be, in need or at risk in line with Nottingham City Safeguarding Partners procedures; encouraging self-esteem and self-assertiveness; challenging and not condoning aggression, bullying or discriminatory behaviour; promoting a caring, safe and positive environment.
- We recognise that the provision of the right help at the right time is a key element of our wider safeguarding responsibilities. This includes the provision of Early Help either directly through the school or by signposting to other local services, as set out in Nottingham City's Threshold of Need. Where a child is receiving early help support, we will continue to monitor this to make sure it is having the required impact. Where there is no evidence of this impact, we will consider other alternatives, which may include seeking specialist support

## **Confidentiality**

- The personal information about all pupils' families is regarded by those who work in this school as confidential. All staff and volunteers need to be aware of the confidential nature of personal information and will aim to maintain this confidentiality
- Staff understand that they need know only enough to prepare them to act with sensitivity to a pupil and to refer concerns appropriately. The designated leads and Headteacher will disclose information about a pupil to other members of staff on a need-to-know basis only. It is inappropriate to provide all staff with detailed information about the pupil, incidents, the family and the consequent actions.

Staff must be aware that:

- they cannot promise a pupil complete confidentiality - instead they must explain that they may need to pass information to other professionals to help keep the pupil or other pupils safe
- Where there are concerns about a pupil's welfare relevant agencies need to be involved at an early stage. If a member of staff or a volunteer has concerns about a pupil's welfare, or if a pupil discloses that s/he is suffering abuse or reveals information that gives grounds for concern, the member of staff must speak to their designated lead with a view to passing on the information.

### **iii. Pupils:**

#### **Safe Environment – pupils are safe and feel safe**

All pupils are taught about safeguarding, including online, through various teaching and learning opportunities, as part of providing a broad and balanced curriculum.

School adopts an open and accepting attitude towards pupils as part of our responsibility for pastoral care. Pupils, parents and staff will be free to talk about any concerns and will see the school as a safe place when there are difficulties. Pupils' worries and fears will be taken seriously, and pupils encouraged to seek help from school staff.

School will therefore ensure that:

There is an ethos where pupils feel secure and are encouraged to talk and are listened too, taken seriously, and responded to appropriately is established and maintained

Pupils are involved in the decision-making which affects them

Pupils know that there are adults in the school whom they can approach if they are worried or have difficulties and the school has well developed listening systems

Posters are displayed which detail contact numbers for appropriate support services and child protection helplines e.g., Nottingham City Safeguarding Partners and Childline

Curriculum activities and opportunities to equip pupils with the skills they need to stay safe from abuse are provided

There is a clear written statement of the standards of behaviour and the boundaries of appropriate behaviour expected of staff and pupils that is understood and endorsed by all. Positive and safe behaviour is encouraged among pupils and staff are alert to changes in a pupil's behaviour and recognise that challenging behaviour may be an indicator of abuse

Effective working relationships are established with parents and colleagues from partner agencies

There is an awareness that personal and family circumstances and lifestyles of some pupils lead to an increased risk of neglect and/or abuse

### **Section F - Safeguarding as part of the Curriculum**

Through PSHE, ICT and other curriculum opportunities, pupils are helped to talk about their feelings, know about their rights and responsibilities, understand and respond to risks, to deal assertively with pressures and know who they can turn to for advice and help both in and out of the school and how to make a complaint.

The following areas are addressed within PSHE, ICT and in the wider curriculum:

Bullying, including cyber-bullying, peer on peer abuse and up skirting

E safety

Road, fire and water safety

Inter-personal relationships and domestic abuse

Child sexual exploitation (CSE), online and offline

Honour based abuse and forced marriage

Female genital mutilation (FGM)

Radicalisation and extremism (Educate Against Hate)

This may include covering relevant issues through Relationships Education and Relationships and Sex Education (formerly known as Sex and Relationship Education), tutorials (in colleges) and/or where delivered, through Personal, Social, Health and Economic (PSHE) education. The Government has made regulations which will make the subjects of Relationships Education (for all primary pupils) and Relationships and Sex Education (for all secondary pupils) and Health Education (for all pupils in state-funded schools) mandatory from September 2020.

When children use the school's network to access the internet, they are protected from inappropriate content by our filtering and monitoring systems. However, many pupils can access the internet using their own data plan.

### **Section 6 - Online Safety (Paragraphs 134 - 147 Keeping children Safe in Education 2022)**

It is essential that children are safeguarded from potentially harmful and inappropriate online material. An effective whole school and college approach to online safety empowers a school or college to protect and educate pupils, students, and staff in their use of technology and establishes mechanisms to identify, intervene in, and escalate any concerns where appropriate.

Online safety and the school or college's approach to it should be reflected in the child protection policy. Considering the 4Cs (above) will provide the basis of an effective online policy. The school or college should have a clear policy on the use of mobile and smart technology. Amongst other things this will reflect the fact many children have unlimited and unrestricted access to the internet via mobile phone networks (i.e., 3G, 4G and 5G). This access means some children, whilst at school or college, sexually harass their peers via their mobile and smart technology, share indecent images: consensually and non-consensually (often via large chat groups), and view and share pornography and other harmful content. Schools and colleges should carefully consider how this is managed on their premises and reflect in their mobile and smart technology policy and their child protection policy.

Governing bodies and proprietors should ensure their school or college has appropriate filters and monitoring systems in place and regularly review their effectiveness (Keeping Children Safe in Education; Paragraphs 140 - 142).

More information on this can be found in the policies below:

- ICT policy
- Remote learning policy
- Data protection policy
- Social media policy
- anti-bullying policy

### Section H - Working with parents/carers

- Parents and carers play an important role in protecting their children from harm.
  - In most cases, the school will discuss concerns about a pupil with the family and, where appropriate, seek their agreement to making referrals to Children and Families Direct.
  - Where there are any doubts, the designated lead should clarify with Children and Families Direct whether, and if so when and by whom, the parents should be told about the referral. Alternatively, they could ring the Consultation Line in Children's Duty to discuss this case. The number for this is 07711189544
  - The pupil's views will be considered in deciding whether to inform the family, particularly where the pupil is sufficiently mature to make informed judgments about the issues, and about consenting to that.
- 
- *vigilance: to have adults notice when things are troubling them*
  - *understanding and action: to understand what is happening; to be heard and understood; and to have that understanding acted upon*
  - *stability: to be able to develop an ongoing stable relationship of trust with those helping them*
  - *respect: to be treated with the expectation that they are competent rather than not*
  - *information and engagement: to be informed about and involved in procedures, decisions, concerns and plans*
  - *explanation: to be informed of the outcome of assessments, decisions, and reasons when their views have not met with a positive response*
  - *support: to be provided with support as well as a member of their family*

- *advocacy: to be provided with advocacy to assist them in putting forward their views*
- *protection: to be protected against all forms of abuse and discrimination and the right to special protection and help if a refugee*  
(Working Together to Safeguard children 2018 p 10)

▪ The school aims to help parents understand that the school, like all others, has a duty to safeguard and promote the welfare of all pupils. The school may need to share information and work in partnership with other agencies when there are concerns about a pupil's welfare.

### **Section I- Children in Care (previously known as LAC) and Children Previously in Care**

Supporting children in care and children who have been in care is a key priority for our school. We recognise that the needs of this group of children can only be effectively met when all agencies work together. To ensure we have a coordinated approach to meeting the needs of children in care who attend our school we have a designated lead, who is:

**Jade Morris.**

#### **Private Fostering**

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. A close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and stepparents; it does not include great-aunts or uncles, great grandparents or cousins.

Parents and private foster carers both have a legal duty to inform the relevant local authority at least six weeks before the arrangement is due to start; not to do so is a criminal offence.

Whilst most privately fostered children are appropriately supported and looked after, they are a potentially vulnerable group who should be monitored by the local authority, particularly when the child has come from another country. In some cases, privately fostered children are affected by abuse and neglect, or be involved in trafficking, child sexual exploitation or modern-day slavery.

Schools have a mandatory duty to report to the local authority where they are aware or suspect that a child is subject to a private fostering arrangement. Although schools have a duty to inform the local authority, there is no duty for anyone, including the private foster carer or social workers to inform the school. However, it should be clear to the school who has parental responsibility.

School staff should notify the designated safeguarding lead when they become aware of private fostering arrangements. The designated safeguarding lead will speak to the family of the child involved to check that they are aware of their duty to inform the local authority.

On admission to the school, we will take steps to verify the relationship of the adults to the child who is being registered.

### **Section J - Prevention in the Curriculum**

Keeping Children Safe in Education, page 33 paragraph 130, states that 'preventative education is most effective in the context of a whole school or college approach that prepares pupils and students for life in modern Britain...'

In addition, it is expected that:

- the school recognises the importance of developing pupils' awareness of behaviour that is unacceptable towards them and others, and how they can help keep themselves and others safe.
- the PSHE programme *in each key stage* provides personal development opportunities for pupils to learn about keeping safe and who to ask for help if their safety is threatened. As part of developing a healthy, safer lifestyle, pupils are taught to, for example:
  - safely explore their own and others' attitudes
  - recognise and manage risks in different situations and how to behave responsibly
  - judge what kind of physical contact is acceptable and unacceptable
  - recognise when pressure from others (including people they know) threatens their:
    - personal safety and well-being and develop effective ways of resisting pressure
    - including knowing when and where to get help
  - use assertiveness techniques to resist unhelpful pressure
  - how to keep safe on-line
  - the risks associated with sharing indecent images of, or information about, themselves. This is something that is often referred to as Sexting. Research indicates that this is increasingly associated with concerns such as sexual

exploitation. Our work in this area is based on the guidance set out in *Sexting in Schools and Colleges: Responding to Incidents and Safeguarding Young People*

### **Section K- Particularly Vulnerable Groups (Statutory & New additions will be listed below)**

Some children and young people may be particularly vulnerable to abuse and harm. This includes for example privately fostered children, children with a disability, children with communication needs. Certain forms of behaviour can also increase the vulnerability of a young person such as drug or alcohol misuse. The designated safeguarding lead should be aware of the range of guidance that is available and vigilant to concerns being raised by staff and children which need to be reported in accordance with national (Government) and local (Nottingham City Safeguarding Partners) procedures without delay. The lead should also ensure staff working with children are alert to signs which may indicate possible abuse or harm.

### ***Preventing Radicalisation - Page 147 Keeping Children Safe in Education 2022***

Preventing violent extremism by countering the ideology of extremism and by identifying those who are being drawn into radicalism has for some time formed part of our approach to safeguarding. The Counterterrorism and Security Act 2015 now imposes a duty on a wide range of bodies including all schools to respond when they become concerned that a child is being, or is at risk of, becoming radicalised. Compliance will be monitored through various inspection regimes such as Ofsted that will be looking to see that organisations have assessed the level of risk and that staff are appropriately trained to look out for signs of radicalisation. Also, schools will be monitored to ensure they are aware of the process for making referrals to Channel, the panel that reviews and refers individuals to programmes to challenge extremist ideology.

Statutory guidance has been published and is available here: <https://www.gov.uk/government/publications/prevent-duty-guidance>

If you have any concerns about individuals who may be being drawn into support for extremist ideology, please contact Nottingham City's Prevent Education officer, Louise Cox or the Prevent Team [prevent@nottinghamshire.pnn.police.uk](mailto:prevent@nottinghamshire.pnn.police.uk) who will then contact you to discuss whether a referral should be made. Although a police team, their role is to support early intervention so that vulnerable children or adults do not end up facing criminal sanctions.

### **Female Genital Mutilation - Page 152 Keeping Children Safe in Education 2022**

Female genital mutilation (FGM) refers to procedures that intentionally alter or cause injury to the female genital organs for non-medical reasons. The practice is illegal in the UK. FGM typically takes place between birth and around 15 years old; however, it is believed that many cases happen between the ages of 5 and 8.

Risk factors for FGM include

- low level of integration into UK society
- mother or a sister who has undergone FGM
- girls who are withdrawn from PSHE
- visiting female elder from the country of origin
- being taken on a long holiday to the country of origin
- talk about a 'special' procedure to become a woman
- Symptoms of FGM

FGM may be likely if there is a visiting female elder, there is talk of a special procedure or celebration to become a woman, or parents wish to take their daughter out-of-school to visit an 'at-risk' country (especially before the summer holidays), or parents who wish to withdraw their children from learning about FGM.

Potential indications that FGM may have already taken place may include:

- difficulty walking, sitting or standing and may even look uncomfortable.
- spending longer than normal in the bathroom or toilet due to difficulties urinating.
- spending long periods of time away from a classroom during the day with bladder or menstrual problems.
- frequent urinary, menstrual or stomach problems.

- prolonged or repeated absences from school or college, especially with noticeable behaviour changes (e.g., withdrawal or depression) on the girl's return
- reluctance to undergo normal medical examinations.
- confiding in a professional without being explicit about the problem due to embarrassment or fear.
- talking about pain or discomfort between her legs

The Serious Crime Act 2015 sets out a mandatory duty on professionals (including teachers) to notify police when they discover that FGM appears to have been carried out on a girl under 18. In schools, this will usually come from a disclosure.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out; and discuss any such cases with the safeguarding lead and Children's Social Care. Although the duty does not apply in relation to at risk or suspected cases nevertheless this is still something that must be reported to social care.

[www.gov.uk/government/publications/multi-agency-statutory-guidance-on-female-genital-mutilation](http://www.gov.uk/government/publications/multi-agency-statutory-guidance-on-female-genital-mutilation)

**Sexual violence and sexual harassment in schools – Page 149 and Part 5, page 103, paragraphs 445 – 557 *Keeping Children Safe in Education 2022***

Schools and colleges should **respond to all reports and concerns** of child on child sexual violence and sexual harassment, including those that have happened outside of the school or college premises, and or online.

Sexual violence and sexual harassment can occur between two children of **any age and sex**, from primary through to secondary stage and into colleges. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable.

Whilst **any** report of sexual violence or sexual harassment should be taken seriously, staff should be aware it is more likely that girls will be the victims of sexual violence and sexual harassment and more likely it will be perpetrated by boys.

But it is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report

Schools and colleges not recognising, acknowledging or understanding the scale of harassment and abuse and/or downplaying some behaviours related to abuse can lead to a culture of unacceptable behaviour, an unsafe environment and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Reports of sexual violence and sexual harassment are likely to be complex and require difficult professional decisions to be made, often quickly and under pressure. Governing bodies and proprietors should ensure that the school or college contributes to multiagency working in line with statutory guidance Working Together to Safeguard Children.

Any decisions are for the school or college to make on a case-by-case basis, with the designated safeguarding lead (or a deputy) taking a leading role and using their professional judgement, supported by other agencies, such as children's social care and the police as required.

More information on HSB can be found at paras18-22 of the detailed advice, Sexual violence and sexual harassment between children at schools and colleges.

The NSPCC also provides free and independent advice about HSB: NSPCC Learning -Protecting children from harmful sexual behaviour and NSPCC -Harmful sexual behaviour framework

The Lucy Faithfull Foundation has developed a HSB toolkit, which amongst other things, provides support, advice and information on how to prevent it, links to organisations and helplines, resources about HSB by children, internet safety, sexual development and preventing child sexual abuse.

Contextual Safeguarding Network-Beyond Referrals (Schools) provides a school self-assessment toolkit and guidance for addressing HSB in schools.

Stop It Now -Preventing harmful sexual behaviour in children -Stop It Now provides a guide for parents, carers and professionals to help everyone do their part in keeping children safe, they also run a free confidential helpline.

It is important that the perpetrator(s)is/are also given the correct support to try to stop them re-offending and to address any underlying trauma that may be causing this behaviour. Addressing inappropriate behaviour **can** be an important intervention that helps prevent problematic, abusive and/or violent behaviour in the future.

### ***Child on Child abuse - Page 137 paragraph 570-579 Keeping Children Safe in Education 2022***

Staff should be aware that safeguarding issues can manifest themselves via child-on-child abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender-based violence/sexual assaults and sexting.

**All** staff should be aware that children can abuse other children (often referred to as child-on-child abuse). This is most likely to include, but may not be limited to:

- bullying (including cyberbullying).
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
- sexual violence,<sup>8</sup> such as rape, assault by penetration and sexual assault.
- sexual harassment,<sup>9</sup> such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- up skirting, typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; <sup>10</sup> which sexting (also known as youth produced sexual imagery); and

- initiation/hazing type violence and rituals

At Pass Move Grin Education we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other students. We recognise that some students will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's Behaviour Policy.

**Neglect - Page 11 paragraph 30 and Annex A, Page 136 Keeping Children Safe in Education 2022**

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may involve a parent or carer failing to provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

All staff should be aware that child sexual and child criminal exploitation are forms of child abuse.

Nottinghamshire and Nottingham City Safeguarding Children Partnerships have adapted this toolkit which was initially developed by Jane Wiffin on behalf of Hounslow LSCB and then revised by North Somerset; to offer a 'Structured Judgement Approach' to the identification of child neglect and the tools for agencies to work in partnership with families to improve outcomes for the children and young people.

**Child and Young Person's Neglect Toolkit for assisting in the identification of Child Neglect V1.3 June 2022**

The Toolkit should be used in conjunction with the local Nottinghamshire and Nottingham City Pathway documents which provide guidance on thresholds for services, and the interagency Procedures and Guidance

[http://nottinghamshirescb.proceduresonline.com/p\\_neglect.html](http://nottinghamshirescb.proceduresonline.com/p_neglect.html).

- Nottinghamshire: Pathway to Provision <http://www.nottinghamshire.gov.uk/care/childrens-social-care/nottinghamshire-childrens-trust/pathway-to-provision>
- Nottingham City: Family Support Pathway [http://intranet.nottinghamcity.gov.uk/media/5091/family-support-pathways-2018-20\\_19219\\_lr.pdf](http://intranet.nottinghamcity.gov.uk/media/5091/family-support-pathways-2018-20_19219_lr.pdf)

## **Section L- Contextual safeguarding**

This means that incidents and or behaviours are associated with factors outside the school or college and/or occur between children outside the school or college the designated safeguarding lead (or deputy) should be considering contextual safeguarding. This simply means assessments of children in such cases should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Children's social care assessments should consider such factors and so, it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the evidence and the full context of any abuse.

## **Section M- Professional development and Training**

The governors recognise that all staff and volunteers who work with pupils aged up to 18 years need to have appropriate child safeguarding training that equips them to recognise and respond to pupil welfare concerns.

We will ensure staff are given mandatory safeguarding training at point of induction, which includes familiarisation with child safeguarding policy, part 1 of Keeping Children Safe in Education, staff behaviour policy, the designated leads in the school, their responsibilities and procedures to be followed.

Part 2 The Management of Safeguarding, Page 23 specifies "Governing bodies and proprietors should ensure that all governors and trustees receive appropriate safeguarding and child protection training at induction".

The training, including multi-agency training, in the last 3 years undertaken by staff and governors to ensure their knowledge and skills are up to date includes:

- o Safeguarding in education training - all staff*
- o Prevent safeguarding - SLT to complete training/ all staff to attend meeting*
- o FGM - safeguarding -SLT to complete training/ all staff to attend meeting*
- o Domestic Violence - Staff meeting*
- o Self Harm - If Toys could Talk - staff meeting*
- o Honour based violence - safeguarding staff meeting*

- o *Child sexual exploitation – safeguarding staff meeting*
- o *Sexual abuse – safeguarding staff meeting*
- o *DSL attend termly network meetings*
- o *DSL update training*
- o *Signs of safety (DSL's) 2017*

A report of the school's training needs assessment is presented to the governors annually so that they can ensure that training is appropriately provided for all staff. This report is also shared with staff to enable them to contribute to the development of safeguarding practice in the school. A training register is kept indicating when staff and governors have been trained and this in turn informs the *annual* report to governors.

Safer recruitment training has been attended by: **Kathryn oram** and **Wesleigh Burke**

#### **Timelines for training:**

- Designated Safeguarding Lead training: refreshed **within every two years** (statutory requirement) or equivalent annual update training
- Introduction to Safeguarding and Child Protection training: To be refreshed **within every three years** as agreed with Nottingham City Safeguarding Partners. The above training is available through the Safeguarding in Education Service [Safeguarding Training - Nottingham City Council](#)
- Whole School Refresher Training at least annually with regular in-school updates
- Safer recruitment training: Through the on-line NSPCC

All staff, schools and Governing bodies should be open to new learning and keep up to date with changes made to national and local safeguarding policy, procedure and guidance including that provided by our safeguarding partners.

Schools need to evaluate and demonstrate how well they fulfil their statutory responsibilities and exercise professional judgment in Keeping Children Safe as outlined in Keeping Children Safe in Education 2022.

## **Section N- Confidentiality, sharing information and record keeping**

Information will be shared in line with GDPR. Information sharing is vital in identifying and tackling all forms of abuse and neglect, and in promoting children's welfare, including their educational outcomes. Schools and colleges have clear powers to share, hold and use information for these purposes.

Staff should only discuss concerns with the Designated Safeguarding Lead, Headteacher or Chair of Governors (depending on who is the subject of the concern). That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.

School and college staff should be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to the local authority children's social care.

Wherever possible consent will be sought to share information however where there are safeguarding concerns about a child, information will be shared with the appropriate organisations such as Children's Social Care. In most cases concerns will be discussed with parents and carers prior to the referral taking place unless doing so would increase risk.

Pass Move Grin Education's policy on confidentiality and information-sharing is available to parents and pupils on request.

***The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children. (Page17, paragraph 57 Keeping Children Safe in Education 2022)***

Further details on information sharing can be found: Working Together to Safeguard Children 2018, Data protection: toolkit for schools, Information Sharing: Advice for Practitioners providing safeguarding services to Children, Young People, Parents and Carers.

### **Section O- Schools and Partnerships**

Schools invest time and other resources in partnership activity and this investment should be aimed at improving outcomes for pupils. The Local Authority actively promotes the benefits to schools of partnerships and in this case to safeguard and improve the outcomes for potentially vulnerable pupils. Examples of this are:

- **NSPCC Child line Project:** (funded through the DfE) The project is free of charge to all primary schools and pupils in Years 5 & 6. Raising awareness through interactive classroom sessions with trained NSPCC staff, they come into schools, provide an assembly and workshops to raise the awareness with children about what is or is not acceptable behaviour and how and where to seek help if worried. Contact for this is through Emma Grishin NSPCC Area Child Line Coordinator email: - [EGrishin@NSPCC.org.uk](mailto:EGrishin@NSPCC.org.uk) or Tel: 0115 9258602.

### **Section P- Further guidance**
